**Engineering
Co-op Program**

ACADEMIC AND CO-OP STATUS

BSc Computer Engineering - Software Coop, University of Alberta
Cumulative Grade Point Average

Class of 2026
3.6/4.0

COMPUTER SKILLS

Programming Languages: Python, C++, MATLAB; beginner in bash, HTML, CSS, JavaScript, and Flask
MS Office: Excel, Word, PowerPoint

PROJECTS

Portfolio Website (<https://timy-13.github.io>)

March 2023 - Present

- Learned HTML, CSS, and JavaScript through online resources.
- Created a functioning website with mobile compatibility.
- Built a responsive navigation bar, scroll buttons, and an icon bar.

University of Alberta Programming Contest (UAPC)

March 2023

UACS and UAPSPC, Edmonton, Alberta

- Competed with one other teammate to solve a series of programming problems within a strict time limit.
- Demonstrated flexibility through use of both C++ and Python based on each problem's demands.

HackED Beta

November 2022

Computer Engineering Club, Edmonton, Alberta

- Collaborated with a team of 4 members to create a question generating website within 24 hours. The website takes an input of statements and converts them into questions, meant to be used as a study helper for students.
- Formulated ideas and plans for the project and directed teammates through the development process. Worked on backend using Python and Flask, implementing research about English sentence structure and various types of statements.
- Challenged to learn and implement new programming languages and skills within the time limit.

EXPERIENCE

Server/Kitchen Helper

May 2022 - August 2022

YumYum BBQ Chicken, Calgary Alberta

- Served over 50 customers per shift efficiently while taking calls, receiving online orders, and welcoming arriving customers, with minimal supervision.
- Maintained efficiency and organization within the kitchen through open communication.
- Flexibly balanced responsibilities between serving customers and helping with food preparation.

Youth Volunteer

July 2019 - August 2019

Calgary Public Library, Calgary, Alberta

- Collaborated with team members to supervise and lead children through activities each day.
- Mediated conflict between children through leadership and communication skills.

SCHOLARSHIPS & AWARDS

- Jason Lang Scholarship, 2022
- The Faculty of Engineering Iron Standard Entrance Scholarship, 2021
- Alexander Rutherford Scholarship, 2021
